

RISE Charter School District #562
REGULAR BOARD MEETING FY26
MONDAY, SEPTEMBER 15, 2025

AGENDA ITEM 6A & B: POLICY 3630 & 3630F DESCRIPTION

=====

At the August 25, 2025, board meeting, the board requested clarification on whether state law requires board approval for each individual fundraising activity or if such approvals can be handled by administration.

After review, there is currently no state law mandating board approval of fundraising activities for either charter or public schools.

As a result, the revisions made to Policy 3630 and 3630F align with the board’s intent expressed at the last meeting, to allow administrative approval of fundraisers without requiring board action for each activity. The changes made for this policy implement this new process.
